

ARTIST'S CONSTRAINT SYSTEM — MASTER BREAKDOWN (v1)

This document compresses the full system logic, product structure, launch plan, and roadmap into a single operational reference.

1. WHAT THE PRODUCT IS

A discipline engine that converts analog effort (pen + paper) into sellable digital assets using rigid constraints, time-boxing, and provenance.

2. CORE PROMISE

One printed sheet → one sellable asset → in 20 minutes. No inspiration. No AI. Just execution.

3. FROZEN PDF STRUCTURE

Section 1: Header / Promise

Section 2: Constraint Selector

Section 3: 20-Min Execution Checklist

Section 4: Drawing Bay

Section 5: Provenance Receipt

4. CURRENT PLATES

Plate 01: Core Pack — Symmetry & Discipline

Plate 02: Pattern Edition — Seamless PNG Tiles

Plate 03: Iconography — 64px SVG Icons

Plate 04: Type-Form — SVG Wordmarks (Planned)

5. PROVENANCE RECEIPT

A mandatory operator log and signature that shifts value from result to process integrity.

6. SYSTEM REQUIREMENTS

Analog: A4/Letter paper, technical pen (0.5–0.8mm), metal ruler.

Digital: Scanner (300 DPI), image editor, vector editor if needed.

7. LAUNCH STEPS

Use the first PDF already created. Upload it. Add 3 images. Set price. Publish. No redesign.

8. VERSIONING

Ship v1. Iterate only after sales data.

9. BUNDLES

Foundation, Producer Stack, Operator's Kit, Industrialist Tier.

10. FINAL NOTE

You are no longer designing. You are operating.
